

# SAFARI'S Volunteer Search!

Schools back in session, and we are in need of volunteers! Any animal lover with time to spare, we will make time to train you! Help feed, water, clean, while building a relationship with exotic animals that makes life feel complete!

## Born July 7, 2004; Black Leopard Cubs!

Mirage and Oscar made beautiful babies, 1 male and 1 female, the female has already gone to another zoo. But the male, now being called Amadeus, is doing great! Last weeks checkup, he already weighs 3 pounds!

## What a foxy addition!

June 2004; We received a new addition from Wyoming! Crystal, an Arctic Fox. Her mate had passed away, and she was depressed, and in need of attention. Of course we said "NO PROBLEM!". So her owners drove her all the way from Wyoming to live with us.

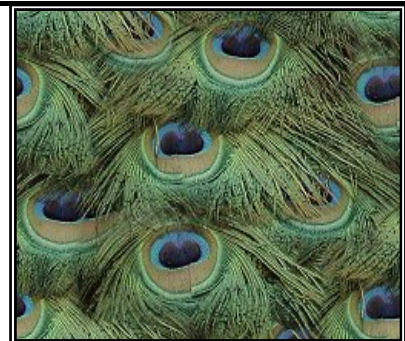

Crystal has ended up being a wonderful addition! She is so sweet, she thinks she's a dog! And just wants to play and be loved.

Picture to the left was Crystals' debut on the radio at K95.5FM Country, she was a hit!

She will also be attending the "Day in the Country" event by K95 with many of our other animals on August 14, 2004, Don't miss it!

## Surprise... Pea-chicks!

July 30, 2004; Another surprise! We noticed baby chicks in the peacock pen. Pea-chicks! All these years, they've laid eggs, but never hatched... till now. 2 regular coloration, 1 albino. WOW, you'd think it was spring here!
